Explanatory notes

Capitalised terms used herein without definition shall have the meaning given to them in the latest Prospectus of the Company dated 19 November 2013 and updated by a supplement dated October 2014.

Scrip dividends - resolution 12

This resolution renews the existing power, given by the Company's shareholders on 20 October 2011 and last renewed at the Company's annual general meeting on 29 April 2022, for the Management Board to offer shareholders the right to elect to receive further Ordinary Shares, credited as fully paid, instead of cash in respect of all or any part of any dividend (a scrip dividend). The Management Board believes that the ability for shareholders to receive future dividends from the Company wholly or partly in the form of new ordinary shares in the Company will be advantageous for the Company as it will benefit from the ability to retain cash which would otherwise be paid as dividends. It may also benefit certain shareholders depending on their tax status.

Continuation Vote - resolution 13

Article 29 of the Articles of the Company requires that shareholders be offered a continuation vote at the annual general meeting in 2015, and at the annual general meeting held every two years thereafter, thus at this Annual General Meeting for the fifth time. Resolution 13 offers that vote. At the annual general meetings held in 2015, 2017, 2019 and 2021, shareholders voted unanimously with 100% of the votes cast in favour of the continuation of the Company.

Market purchases - resolution 14

This resolution renews the share buy-back authority that was given by the Company's shareholder on 20 October 2011 and last renewed at the annual general meeting on 29 April 2022. Resolution 14 gives the Company authority to make market purchases of the Company's own Ordinary Shares, up to a maximum of 14.99 per cent. of the Company's Ordinary Shares in issue immediately following the passing of the resolution, and subject to minimum and maximum purchase prices as set out in Resolution 14 paragraph b. This authority will only be invoked if, after taking proper advice, the Management Board considers that benefits will accrue to shareholders generally. In addition, purchases through the market for cash at prices below the estimated prevailing net asset value per Ordinary Share will only be made if the Management Board and the Supervisory Board believe such purchases will result in an increase in the net asset value per share.

This authority may be used at any time to make market purchases of the Company's own Ordinary Shares to satisfy awards granted under the LTIP.

Allot shares and disapply pre-emption rights - resolution 15

This resolution, a standard resolution for investment companies listed under Chapter 15 of the UK Listing Rules, renews the authority given to the Management Board by the Company's shareholder on 20 October 2011 and last renewed at the annual general meeting on 29 April 2022, to allot Ordinary Shares for cash without first offering them to existing holders on a pro rata basis. The number of shares allotted under this power must be less than 10 per cent. of the number of Ordinary Shares admitted to trading on London Stock Exchange plc's main market for listed securities immediately following the passing of this resolution.

For as long as the shares of the Company are listed on the London Stock Exchange, the Management Board will determine the issue price for shares taking into account the applicable relevant UK Listing Rules. The middle market price for shares shall mean the middle market quotation for those shares as derived from the daily official list of the London Stock Exchange or any other publication of a recognised investment exchange showing quotations for listed securities on the relevant date.

In the event the middle market price, excluding any sales charge or commission, is inferior to the net asset value for the relevant class of shares, the issue price for those shares should be set in accordance with the relevant UK Listing Rules at either (i) the net asset value per share for the relevant class of shares or (ii) the middle market price or at a discount to the middle market price – currently and as long as required by the UK Listing Rules, subject to the prior approval of such issue price by a general meeting of shareholders – or on a pre-emptive basis.

Delegation of powers – resolution 16

The purpose of this resolution is to empower and authorise any member of the Management Board of the Company, acting individually, with full power of substitution to perform any actions or formalities referred to in the preceding resolutions and any other actions or formalities necessary or useful in relation to or to give effect to the preceding resolutions.
